Registrar's Report

To the Board of Directors and Management of GE Fanuc Automation Americas, Inc.

We have audited management's assertion, set out in the attached letter, that Computer Dynamics, Inc. has met the requirements of the International Organization for Standardization's ISO 9001:2000 Standard (the "Standard") as of September 12, 2005.

Management is responsible for Computer Dynamics, Inc. meeting these requirements. Our responsibility is to express an opinion on management's assertion that Computer Dynamics, Inc. met these requirements, based on our audit. The ISO 9001:2000 requirements can be found at www.scc.ca.

Our audit was conducted in accordance with the ISO 19011:2002 management system auditing standard and, accordingly, included examining, on a sample basis, evidence supporting management's assertion that Computer Dynamics, Inc. met the requirements of the Standard, evaluating on an overall basis whether the requirements were met, and performing such other procedures as we considered necessary in the circumstances. We planned and performed our work to obtain reasonable, rather than absolute, assurance with respect to the information examined. We believe our work provides a reasonable basis for our opinion.

In our opinion, Computer Dynamics, Inc. met, in all material respects, the requirements of the ISO 9001:2000 Standard as of September 12, 2005.
