LAST TIME BUY NOTIFICATION

30 April 2010

Dear Valued Customer,

Computer Dynamics (CDI), A Subsidiary of GE Intelligent Platforms, has decided to issue a Last Time Buy for PAC-WN systems containing an Intel Pentium-M Processor. Recently, Intel announced an End Of Life (EOL) for many of their 828xx chips some of which are support chips for the Pentium-M.

Computer Dynamics will accept a last time purchase order of this product through May 31, 2010. Due to the situation with component availability, Computer Dynamics will accept orders of any quantity and will then determine how many units can be fulfilled on the order.

Our suggested replacement products are the following:

- PAC-WN-N270 systems which contain a lower cost ATOM n270 based processor or
- PAC-WN-T6500 systems which contain a high performance T6500 Core 2 Duo Processor.

Both of these products are featured on our website and our Applications Engineers are standing by ready to help you select the best product to meet your needs.

Sincerely,

Your Computer Dynamics Sales and Support Team
